It is an awesome ebook which i actually have at any time read through. It usually fails to charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Paperback. Book Condition: New. Paperback. 141 pages. Clifford Wendell was a most unusual boy for his age. He did not engage in life physically in team sports or clubs; instead, he was like a benevolent editor of a great, unfinished book. He loved to read, and he treated it much like a sport. He was transformed by the adventures in each book. As time went on, his imagination grew and invented original stories that carried him to any realm and allowed him to experience life from any point of view, age, or character. One day he would be visiting Lawrence of Arabia, and on another, he would follow Neil Armstrong to the moon and beyond. Throughout his travels, Clifford had become a samurai warrior, a secret agent, a pilot, and a racecar driver simply by calling upon the blended memories of a hundred adventure stories. He loved to fancy every imaginable situation, and when he did, he became his own great herodreamer extraordinaire. Clifford spent many hours watching and observing people and noticed an odd disconnect between who they wanted to be and who they actually were. Responsibility had dulled their inner spirits. He was saddened by the struggles and obligations that prevented these people from time at play. He could not understand why people did not make a greater effort to live a more playful life, imagining any life they wished to live and then living it. Clifford wanted to achieve two important goals more than anything. First he wanted to see space but not just see it touch it, swim in it, and speed through it to discover other worlds. Second, he wanted to fill the pages of his own book with his own adventures. Clifford must have had 30...
