ENVIRONMENTAL ISSUES IN MINERAL RESOURCE DEVELOPMENT

1993. Hardcover. Book Condition: New. 298 The book comprises selected critical reviews and specific case studies by distinguished geo-scientist, mining and mineral engineers, and eminent authorities of the subject in country-dealing with environmental fallouts of mining, mineral-processing, mineral based industries and possible remedial measures aimed at recuperation and preservation of the surrounding environment in Indian context. The book concerns the big growth in mineral industry and increasing public apprehensions regarding its irreversible impacts on the ecology, environment and socio-economic, traditional...

Reviews

Just no phrases to spell out. it was written very properly and valuable. I am very easily can get a delight of reading a written book.

-- Eric Macejkovic

The best ebook i actually study. I have got study and i am certain that i am going to going to study yet again again in the foreseeable future. I found out this ebook from my i and dad suggested this book to find out.

-- Allison Heaney
